# AUSTRALIAN PM, TINY RABBIT, IN LEADERSHIP CHALLENGE

## SURPRISE CONTENDER THROWS HIS HAT INTO THE RING

New challenger to the Liberal leadership, Mr. Goofy

Canberra - September 14th, 2015

In a surprise move by the Australian Liberal Party and the Nationals, a leadership challenge has been launched with a surprise candidate, Mr. Goofy, being brought in from Disneyland, with an offer of greater stability and a better image for both parties.

It is expected that Mr. Goofy will arrive in Australia, prepared to take up his new role, accompanied by his private security detail, Pistol and Boo. Actor Johnny Depp has loaned his deadly trained killers to Mr. Goofy during his stay

here in Australia, stating that they have been made Barnaby proof.

The current Prime Minister, Mr. Tiny Rabbit was not available for comment today as he was reportedly too busy to speak due to an urgent meeting with God, who reportedly was last seen shaking his head slowly in disgust at Mr. Rabbit.

In the meantime, stocks in Bonds Undergarments division has bottomed out in the ASX as the company has realised that its Budgee Smuggler line may suffer badly from the leadership challenge.

Meanwhile, it has been reported that Barnaby Bonkers, who recently had a run-in with the two security pooches during their last visit to Australia, has gone into hiding.

A spokesperson for Mr. Bonkers (pictured above), stated that the minister has refused to be interviewed, stating that, quote, "Pissy and Poo are obviously very dangerous" and it would be better if Mr. Bonkers kept his distance.

Mr. Goofy declined to comment on the situation between his security detail and the minister, saying that he was honored to be able to bring some credibility back to the Liberal Party.

Several senior ministers have moved to support the new contender stating that at last the country can move ahead with a fresh image under Mr. Goofy.

Take care of those pesky varmints, 4 legs or 2. The results are always the same. Satisfying!
