# WHITE HOUSE STAFF IN WILD FRENZY AS E-DAY APPROACHES

## RUSH TO PREPARE WHITE HOUSE FOR A POSSIBLE CRETIN RETURN

Washington, November 7 2016 -

White House staff are working around the clock in preparation for a possible return to the White House of Hillary Cretin and her husband, former President 'Hillbilly Willie' Cretin.

With memories of their last departure from the White House, along with most of the furniture, cutlery and carpet, the White House is taking no chances this time around, replacing silverware with plastic purchased from Home Depot and Ikea.

Staff attached to the White House Inventory and Properties Section (WHIPS) told our reporter that should Hillary start using her 'light fingers' next time around, she would have WHIPS on her ass. Husband Willy asked if he could watch.

Valuable paintings have been replaced by A4 size photo copies from Office Depot and will be held on the wall by double sided tape.
